

Index compiled by Lance Salway and revised by Hilary Clare.

The index lists authors and titles of articles published in *Souvenir*, issues 1-50, together with the principal subjects, authors and books discussed in these articles. Passing references to Violet Needham and her books, and to other subjects, authors and titles, are not included, and Newsletters, quizzes and other ephemeral items have not been indexed.

References in the index are made to issue and page numbers, e.g. the citation 34/2-8 refers to pages 2 to 8 in issue 34. Titles of articles appear in capitals; book titles are given in italics.
